

ENVIRO CLUB

CONVENOR:

Mr. R de Villiers

Mr. W Amos

CONTACT: rdevilliers@kearsney.com

wamos@kearsney.com

MEETINGS: Every second Friday during

terms 1 and 3.

HISTORY:

The club has been in place for wildlife enthusiasts for many years. Initially the club was started by reptile and snake enthusiasts who had an interest in the environment.

CONTENT:

Demonstrations of reptiles, bugs, interesting information talks, catching of bats, snakes and frogs in the conservancy, planting trees, recycling and much more.

SKILLS DEVELOPED:

Respect for the environment, knowledge of our natural heritage, a love for wildlife and a responsibility to nurture our environment.

HIGHLIGHTS OF THE YEAR:

Catching of animals for identification purposes in the conservancy, interesting talks and displays, outings to reptile parks and game reserves.
