HISTORY:

The growing popularity of Hip Hop, Freestyle, Crumping, Tattng and Stepping prompted a student at Kearsney (May 2008) to ask for the creation of a club which promotes and allows boys to dance.

CONTENT:

Boys will watch dance DVDs to learn how to interpret music, choreograph and learn new steps. These skills are then put that into practice in the weeks that follow.

SKILLS DEVELOPED:

Working together to create a choreographed item that is performance ready and learning stage etiquette.

HIGHLIGHTS OF THE YEAR:

Dance Club boys have performed for audiences at choir supper theatre evenings and for the school and at the annual Matric Dance. In 2010 they specifically highlighted their "soccer dance" created for the Soccer World Cup of 2010. The dancers will perform in the annual Culture@Kearsney Dance Festival with dancers from a number of different schools from KZN.
