

PHOTOGRAPHIC CLUB

CONVENOR:

Tracey van den Aardweg

CONTACT:

tracey@kearsney.com

HISTORY:

The first record of the Photography Club appears in the 1966 Kearsney Chronicle. It has always been a small but very active club. Black and white photographs were developed in our own darkroom right up to 2008. Unfortunately the lengthy processes required to produce photographs compared to the instant printing of digital images led to a decline in interest. As a result the darkroom was boarded up permanently a few years ago. Today the team take up between 500 and 1000 photographs a week and these are displayed on the college intranet.

CONTENT:

Boys are taught various techniques and are given follow up assignments to practise these techniques. We go on excursions on a regular basis.

SKILLS DEVELOPED:

The ability to compose shots, use advanced settings, download and digitally enhance photographs using Photoshop are some of the skills developed.

HIGHLIGHTS OF THE YEAR:

Club members will be involved in recording every activity and sport throughout the year. The best photographs are used in the annual photographic highlights dvd, a copy of which is given to each matric at the end of the year. Photographers can enter the Culture@Kearsney photographic competition and stand to win fantastic prizes.
