## HISTORY:

The Speakers' Circle has been operating since 2003. Boys are selected at the end of Grade 8 based on their excellent public speaking or leadership skills. A small number of boys are also chosen to develop their self-confidence and character.

## CONTENT & SKILLS

Boys are trained in public speaking, including constructing and delivering toasts, impromptu icebreakers, and prepared, object, and evaluation speeches. Boys are also guided in table etiquette and how to be a gentleman.

## HIGHLIGHTS OF THE YEAR:

A dinner is held at the end of every term at which boys can show off their newly acquired public speaking skills. The boy's parents are invited to the last formal dinner of the year, at which trophies are presented to the best speakers in various categories.
